Annual report to parish council 13th March 2017

There were no activities for the gardening club last year and so there will not be an AGM. Membership will continue at £2 per person a year and details on how to join or renew will be in the Akeley News and on Akeley News & Views.

Our plan now is to have a spring plant bring & buy hosted by Debbie Lee at Stonelee in Leckhampstead Road on Saturday 20th May. This will be the re-launch of the club and we hope to gain more interest and new members.

We haven't planned any coach trips as the coach hire is now very expensive and the trips in recent years were not well supported.

We would love to have a club dinner in April at The Bull & Butcher and we will discuss this with the new landlady Liz Snell.

We are not planning a show this year but if there is more interest then we hope that it could again become part of the village calendar.
